# Double Redirects

Thursday, May 11, 2017   10:08 AM

Fixing a Double Redirect

1. Click on **special pages** in your **toolbox** at the bottom left of the Wiki homepage.

2. Under **maintenance reports**, select **double redirects**.

3. You should now be on the **double redirect** page.

3. You should now be on the **double redirect** page.

Double redirects

This page lists pages which redirect to other redirect pages. Each row contains links to the first and second redirect, as well as the target of the second redirect, which is usually "real" target page, which the first redirect should point t

Showing below up to **9** results starting with **#1**.

4. For each redirect issue, you will see that there are three links. They are separated by an arrow. You will want to highlight and copy the **third link.**

1. Microsoft Outlook Live ID Password (Edit) → Microsoft Services Live - Create/Reset Your Live ID Password → Microsoft Live Services/Create and Reset Your Live ID Password
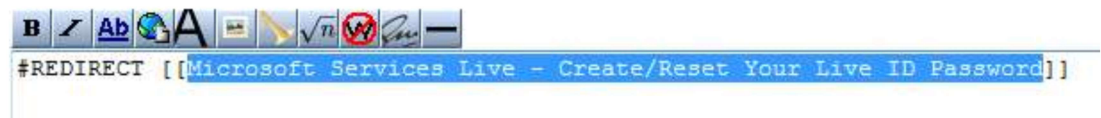

5. Now click **edit** next to the **first link.**

1. Microsoft Outlook Live ID Password (Edit) → Microsoft Services Live - Create/Reset Your Live ID Password → Microsoft Live Services/Create and Reset Your Live ID Password
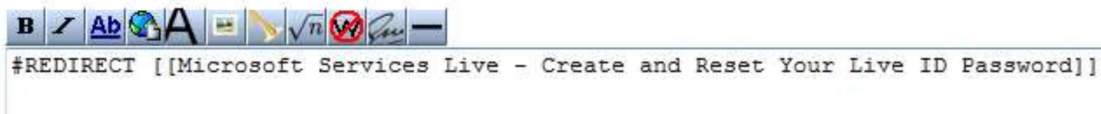

6. You should now have the page open that has the redirect issue. It should say **#REDIRECT [[Link here]].** To fix the double redirect, first highlight the inside of the link.

Editing Microsoft Outlook Live ID Password

#REDIRECT [[Microsoft Services Live - Create/Reset Your Live ID Password]]

7. Press ctrl+v or right-click and paste in the **third link** that you had copied in step 4. It should replace the link with the correct third link.

Editing Microsoft Outlook Live ID Password

#REDIRECT [[Microsoft Services Live - Create and Reset Your Live ID Password]]

8. In the summary section at the bottom, type **fixed double redirect**, then click **save page**.
