

SETUP NETWORK APPS-MAC

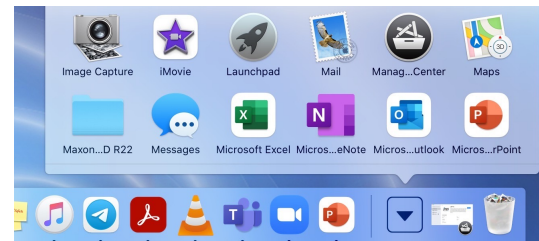

NOTE: Make sure you are connected to the WSU network before attempting to install campus software!

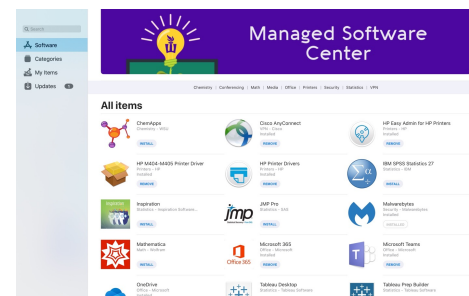

1. Find applications folder at the bottom right of your desktop and click on it.

2. Scroll down to find the **Managed Software Center** folder. Click on it to open.

3. Select the software you would like to install and click **Install Software**.

4. Follow the on-screen instructions for each application you selected. The selected software should appear in your **Applications** folder when the install process has finished.
